

WAREHOUSE123

ONE PARTNER. TOTAL SOLUTIONS

Y K Toh Marketing (S) Pte Ltd

Setting up a warehouse?

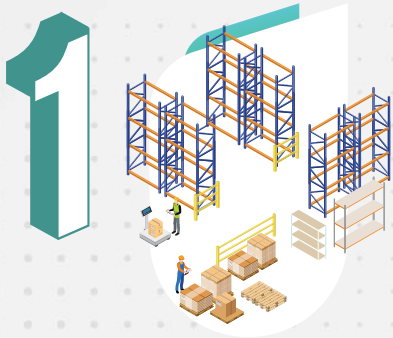

START WITH **WAREHOUSE123** 

Why WAREHOUSE123?

At WAREHOUSE123, we go beyond just supplying products.

We provide a **complete warehouse solution** – from space planning and racking systems to equipment and daily operations support.

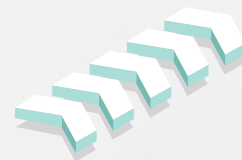

Whether you're setting up a new warehouse or upgrading an existing one, we're here to help you design smarter, work safer, and operate more efficiently.

Design & Build
Your Storage

Equip
Your Warehouse

Enhance
Daily Operations

- ▶ Tailored Recommendations – We listen, assess, and recommend the best solutions for your space, workflow, and budget.
- ▶ Comprehensive Product Range – From storage racks and forklifts to trolleys and safety systems, everything you need under one roof.
- ▶ Expert Support – Our experienced team will guide you every step of the way, ensuring a smooth setup and long-term performance.

One Partner. Total Solutions.

Let us simplify your warehouse journey.

1

Design & Build Your Storage

We work with you to design and build a storage system that fits your space, inventory, and operations.

From heavy-duty pallet racking to protective accessories, we help you maximize space and protect your investment.

Storage Solutions Tailored to Your Load Requirements

Heavy Duty Pallet Racking

Engineered for palletized loads, offering high load capacity and customizable layouts to fit your warehouse operations.

Selective Pallet
Racking System

Cantilever Racking
System

Double Deep
Racking System

Drive-In Racking System

Shuttle Racking System

We offer a full range of racking solutions to suit different storage needs – from lightweight items to heavy palletized loads. Our systems are designed to optimize space, improve accessibility, and ensure long-term durability.

Whether you're setting up shelving for small parts or building a multi-tier pallet racking system, we help you find the right fit.

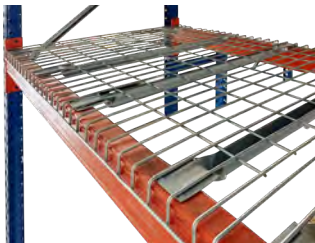

Medium Duty Racking

Ideal for larger goods and versatile enough for mezzanine applications. Stronger than boltless systems with sleek design.

Light Duty Shelving

Perfect for storing small to medium items like electronics, apparel, and spare parts. Quick to install, easy to reconfigure.

Additional Accessories

Mesh decks, pallet retainers, and other solutions to improve safety and flexibility in your storage system.

Rack Protection Systems

Enhance safety and prolong the lifespan of your racking with barriers, bollards, column guards, and impact protection.

2

Equip Your Warehouse

From forklifts and stackers to electric tugs and pallet changers, we provide the equipment that keeps your warehouse running smoothly.

Our solutions are designed to improve efficiency, enhance safety, and reduce manual handling risks.

Electric Forklifts

Quiet, emission-free, and powerful – ideal for indoor warehouse operations.

Stackers & Reach Trucks

Versatile lifting solutions for narrow aisles and high-rack storage.

Specialty Equipment

Solutions for unique warehouse challenges, from multi-directional trucks to very narrow aisle equipment.

Electric Tugs (MasterMover)

Move heavy, wheeled loads safely and efficiently, reducing manual handling.

Pallet Changers (PARATUS)

Swap pallets quickly and safely, improving workflow while protecting goods.

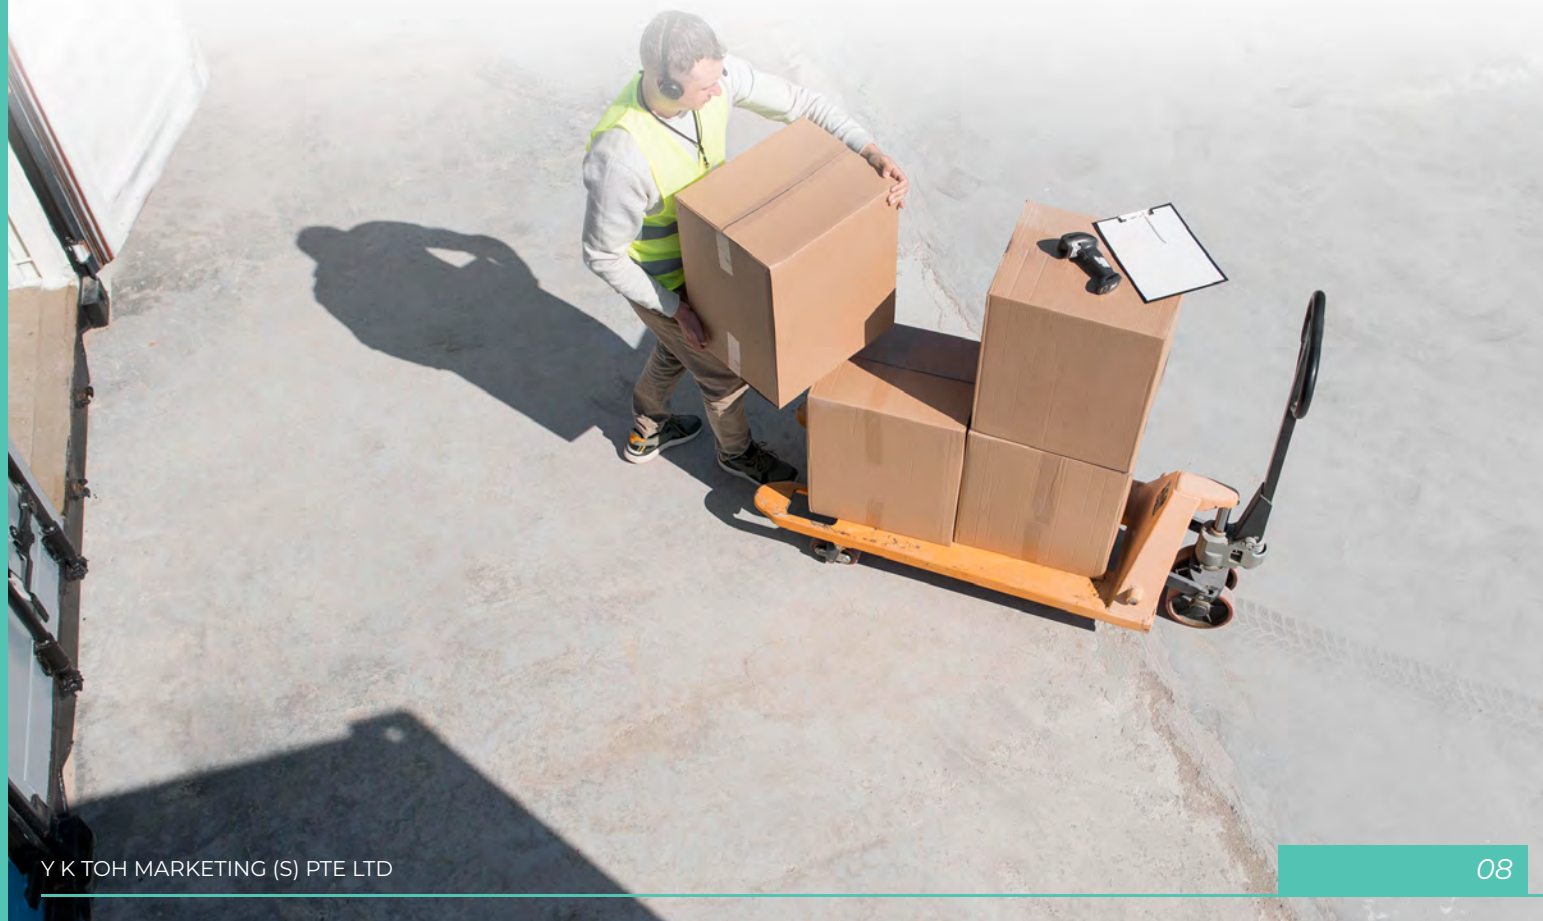

3

Enhance Daily Operations

Once your racking and equipment are in place, it's time to focus on the flow of daily operations.

We offer a wide range of material handling products – from platform trolleys and pallet trucks to ergonomic workstations and assistive devices – designed to reduce strain, minimize risks, and boost productivity.

Our solutions help your team move smarter, safer, and faster.

Trolleys & Hand Trucks

Efficient, ergonomic transport options for goods of all sizes.

Picking & Order Equipment

Boost productivity with order pickers, ladders, and step stools.

Pallet Trucks

From manual to electric, move heavy pallets with ease and precision.

Assistive Devices

Reduce back strain and physical fatigue with wearable support technology.

MUSCLE SUIT
Soft-Power
EASY-LIFT

Reduces lower back strain by an average of 33%
Flexible yet provides firm support

High mobility
Ideal for tasks with a lot of movement, like walking or squatting

Quick to put on in 10 seconds
Just slip it on and tighten the belt

Washable
Machine-washable for added hygiene

One size fits all
Applicable height: 150-200 cm

MUSCLE SUIT
Every

Workbenches & ESD Tables

Customized for cleanrooms, packing stations, and heavy-duty use – built for flexibility, safety, and efficiency.

CLEAN ROOM

■ Precision meets purpose with ESD safety.

GARAGE WORKSHOP

■ Durability for your most demanding projects.

FULFILMENT & DISTRIBUTION CENTRE

■ Streamline your shipping with robust efficiency.

OFFICE & STUDIO

■ Blend creativity with professionalism in one sleek design.

Let's Build

Your Warehouse Together.

Whether you're planning a new warehouse or upgrading an existing one, WAREHOUSE123 is here to guide you every step of the way.

From layout design and storage systems to equipment and material handling tools – we provide everything you need in one place.

Let's work together to create a smarter, safer, and more efficient warehouse.

“Your Warehouse. Our Expertise.”
